Services to Students

Services to Students

We are one of the **leading specialists** in UK Immigration and Nationality law. We also pride ourselves in specialising in our services to students. Of the many categories of immigration we advise in, the following areas are of particular interest to students:

- **Student entry clearance applications:** advising students planning to come to the UK on their application for entry clearance. Also, where a student's application is turned down by an Entry Clearance Officer (ECO) we have a high success rate both in persuading the ECO to change their decision avoiding a lengthy appeal and also on appeal before the Appeal Tribunal.
- **Student visa extension applications:** the Home Office (now the Border and Immigration Agency) are becoming increasingly restrictive in relation to extending student visas. We advise clients in relation to both their initial extension applications and their subsequent appeal in the case of a refusal.
- Student family members;
- Highly Skilled Migrants;
- Work Permits.

Student Workshops

We have close links with a number of colleges and regularly hold workshops for students. We invite students to visit one of our advisers at the college and fill one of our free **20 minute slots** with any immigration question or problem they may have. If you think you may find this useful please contact us and we will let you know where and when our next workshop is.

All you need to do is provide us with your personal details and circumstances. We will then tell you **how we can help** and how much this will cost, where possible **agreeing a fixed fee upfront**.

Our People

Specialists in Immigration Law

You will benefit from the professional support all our caseworkers provide. Each of our teams is headed by a senior lawyer, and our staff includes solicitors, advocates and advisers qualified under the official Legal Services Commission Accreditation Scheme for immigration specialists.

Student Expertise

Our staff have considerable experience of student visa applications. We have a very high success rate at persuading entry clearance officers at British High Commissions to change their decisions following refusals. This is of great benefit to our clients as it prevents the need to go through a lengthy and costly appeal process.

We are used to advising clients on their options for lengthening their stay in the UK. Our clients often wish to extend their studies into further education through a University degree course or a Masters course or they may wish to switch into a work category and remain in the UK on a Work Permit or as a Highly Skilled Migrant.

“We have a genuine caring approach and a real passion for helping people” (Lawrence Lupin)

Lawrence Lupin Solicitors is regulated by the Solicitors Regulation Authority, the professional body for solicitors in England and Wales, and is a member of the Immigration Law Practitioners' Association, an authoritative immigrant support organisation.

Our firm has also received a quality mark from the Legal Services Commission in recognition of the high standards of work that we maintain.

Clear advice,
real solutions.
